A PRETTY PICTURE was this scene recently when the Evening circle of the Antioch Methodist church sponsored a "fashion show" in Wesley Hall. While this photograph strictly speaking might appear on the society page rather than page 1, we couldn't resist adding a bit of "color and beauty" to our front page this week. Penny Anderson is the little girl at the left and holding her hand as they walked around the room showing their clothes was Mrs. Lee Davis. Mari-Anne's of Antioch provided the clothes. ## Rummage And Bake Sale Will Help Countryside Hospital March 11-12

By Jim Jankowiak

A number of Women's civic groups in northwestern Lake county are sponsoring a rummage and bake sale at the Lake Villa grade school auditorium, Routes 21 and 132, March 11 and 12.

Proceeds of this gigantic sale will go for the Countryside hospital, which when built, will serve the entire Antioch, Lindenhurst, Fox Lake, Round Lake and Grayslake areas.

Groups actively supporting this fund raising event are the Venetian Village Civic Association auxiliary, Fox Lake Hills Ladies' auxiliary, West Milwaukee Women's club, Lindenhurst Garden club, Lindenhurst auxiliary.

Also, the V.F.W. Women's auxiliary of Lake Villa, Everbreeze of Ingleside, Deep Lake Women's club, Millburn Women's club and the Lake Villa Women's club.

The rummage sale will take place on two days: March 11 from 10 a. m. until 9 p. m., and Saturday, March 12, from 10 a. m. to 12 noon.

On both days there will also be a bake sale.

Anyone wishing to contribute clothing or other articles may call any of the above civic groups and

the material will be picked up. Those wishing to bring their donations may do so on March 10 to the school.

A different procedure will be used for the bake sale division of the sale. Persons wishing to lend a hand in the baking of goodies for the benefit of the hospital are asked to follow this plan:

Those living east of Route 21 are requested to bring bakery goods for Friday. Those living west of Route 21 are asked to bring theirs on Saturday.

For the convenience of the bargain hunters, all the rummage goods will be divided into categories with a Women's club running each different one, such as furniture, children's clothing, etc.

Posters will be displayed in stores and other prominent locations throughout the area. They will be green and black—the colors of the Countryside hospital.

"It is hoped that there will be a large attendance for this worthy cause," sponsors said, "as a hospital is badly needed in this section of the county and this fund raising event will help considerably."

LIBERTYVILLE—It will be the Antioch high school Fighting Sequoits vs. Libertyville high's Wildcats Thursday evening, March 3, in the second round of the regional basketball tournament on the Libertyville high floor.

One game will be played that evening starting at 8 o'clock. Antioch entered the second round of play by romping over Grant high's Bulldogs Tuesday night to the tune of 91-50 with the final outcome never in serious doubt.

Leading the scoring race on the hapless Grant Bulldogs Tuesday night were Don Pyles with 30 points and Jerry Dahlman who contributed 29. Dick Wolf also entered the double figure scoring bracket with 12 points.

The Fighting Sequoits took a 29-9 first quarter lead and outscored their foes in every quarter but the fourth. Grant had a 31-28 edge in the point-making of the final stanza as second and third stringers played for Antioch.

Raffel was high point man for the Grant quintet with 18 points.

Spectators seeing Tuesday's clashes commented on how close officials were calling plays, citing 87 fouls being whistled during the Antioch contest.

Mass Scheduled

An anniversary mass will be said on Friday, March 11, at St. Peter's Catholic church, in Antioch, for 1st Lt. Anton J. Cermak Graham in memory of his 40th birthday.

Lt. Graham was killed Aug. 29, 1944 in the battle of Brest, France.

He was the son of Mr. and Mrs. Richey V. Graham of 1341 Park Avenue, River Forest, and of Chancel Lake. He was a grandson of the late Mayor Anton J. Cermak of Chicago.

It is understood that a prominent

### Is Antioch 68 or 17 Years Old This Year?

The question—if there ever was one—of how old the village of Antioch is wasn't completely answered Tuesday evening at the village hall.

It seems that the village was incorporated on Feb. 29, 1892, which would make it 68 years old, according to some figuring.

But others will point out that Feb. 29—the village's birthday—comes only once in four years—on Leap year to be exact—so under this reckoning it could be computed that Antioch is only 17 years old.

The first home on the site of the village was erected in 1837 about where the home of the late Dr. Roy Williams now stands on Main street.

An election held on Jan. 10, 1850, decided on the name of Antioch for the community instead of Winsor by a vote of 85-60.

### Peterson Second In Ballot Race For Vil. Board

David H. Nissen was sworn in as a new village board trustee member Tuesday evening after being declared winner in a five-man race for the post through balloting held that day.

Nissen polled 194 points to 128 for Einar Petersen, 69 for Anthony J. Scully, 42 for Robert Bolton and 28 for Arthur Letkey.

The new member succeeds Frank J. Appleby, whose position on the board was declared vacant early in January after he had moved out of town. Nissen will serve out Appleby's term which ends May 1, 1963.

The 459 total vote in the special election wasn't even close to the more than 800 cast in the last regular village election held three years ago.

Nissen was sworn in just before 9 p. m. Tuesday during the monthly session of the village trustees at the village hall. Mayor Murrill Cunningham officiated and welcomed the new member.

Board member John Blackman told how the village hopes to fix Ida avenue this year, a job that was postponed in 1959 when work was done on Main street. Cost of the Ida avenue work was estimated at \$22,000.

A population increase for the village through the 1960 census taking was seen as a boon to the community with an increase in motor fuel tax receipts and from sales tax.

A report on possible annexations to the village will be made later.

The board complimented the village street department in what it called the "fine job done in snow removal this winter."

The local American Legion post was granted use of the rear portion of the village parking lot July 6-10 for a carnival under certain conditions.

Members expressed the board policy that the scout house will not be rented for private parties.

An application of Victor Lubke-man to be a village fireman was approved.

Police Chief Walter Scott told the board that he had been checking local taverns and clubs every week since Sept. 2 and had found no illegal activity.

## Voter Signup Places Noted

Two places where Antioch Townships residents wishing to vote in the April 12 primary election may register were announced this week.

They are township supervisor Lloyd Murrie's service station on Main street in Antioch and with Carol Cervenka at the Grass Lake food market on the Grass Lake road.

Those wishing to register must have lived in the state of Illinois for one year, 90 days in Lake county and 30 days in their precinct.

They must have been 21 years old on or before April 12, 1960, and must register on or before March 14 for the April primary.

Women who have married, and thus changed their names must re-register under their married names. Anyone moving from one precinct to another must re-register.

## News Classified Ad Helps Recover Boots

ONCE AGAIN a classified advertisement in the ANTIOCH NEWS brought results—this time recovering a pair of boots loaned during the recent blizzard.

The advertiser placed an ad in last week's ANTIOCH NEWS asking that a Lake Bluff young man stranded at a Grand Ave. farm during the recent blizzard return the boots loaned to him.

No name was mentioned in the ad as to the young man in question or the advertiser. None was needed for Friday morning the mother of the young man phoned the ANTIOCH NEWS to find out the name and location of the farm.

It seems that the car the young man drove had been in the garage being repaired since he returned home and the boots could not be returned.

The parties had not exchanged names.

ARE YOU THIRSTY? This is "Tex", 3-year-old St. Bernard dog owned by Arthur F. Bushing Jr. of rural Salem Township as he looked late last week as he enjoyed the sunshine near his home on the Bushing farm. This is located about a half mile from Highway 83 on the road to Camp Lake in southeastern Wisconsin. "Tex" weighs nearly 200 pounds and stands 4 feet tall. His "flask" was empty due to the cool weather but he could well have been one of the famous Alpine St. Bernards famous for saving people in the snow, given the right surroundings. The large dog is friendly with people he knows and loves children, although his size perhaps frightens younger children. (Antioch News photo)

## Now Is The Time To Register

The boiling political pot on both sides of the political fence these days points up that a deadline is near on voter registrations in Illinois.

March 14 will be the final day this can be done for those wishing to cast ballots in the April 12 primary election.

Several places have been set up around Antioch and Lake Villa Townships for men and women 21 years old or older on or before April 21 may register at the county courthouse in Waukegan.

Primary elections are important for it is in this balloting that each party designates candidates, often from a long list of names.

These men and women chosen in April may have no opposition from the opposite political party, thus making a good choice even more important in the primary election.

We suggest you do two kinds of registering in the next month or two, and follow it up next November by confirming what you did in April and March.

Register your name as a voter, if you have not already done so, on or before March 14, and then register your name with the clerks at the polls on Tuesday, April 12.

Voting not only is a duty for citizens of every community, but it's a privilege and an honor.

## Citizens Party At Lindenhurst Plans Meetings

LINDENHURST—The first in a series of monthly meetings was held recently by the Lindenhurst Citizens' party at the Venetian Village hall to discuss village affairs.

Date of the March meeting will be announced.

Party chairman Doug Sanders said these gatherings will be regular affairs "for the purpose of unbiased discussion of village affairs."

"Questions from the floor will be answered and the true facts concerning controversial issues will be discussed openly by the (village) president and some (village) trustees."

The decision to hold monthly meetings should foster a feeling of confidence in village board decisions and to bring to light the reasoning behind vital decisions, the party said.

First session in the series was highlighted by what members said was the overwhelming feeling of confidence in the future of Lindenhurst, to stop petty politics and to conduct village affairs constructively, putting aside animosities, both political and personal.

Questions raised by those present and answered by village board president Robert Randall included: Road conditions after the recent heavy snow, plans for road improvements as soon as weather permits, the recent annexation of 550 acres and advantages involved and tactics employed by the Conservative-Progressive party.

According to the Lindenhurst Citizens party their opponents circulated anti-annexation petitions without the knowledge of two of their own trustees. It was alleged

Arthur Meyer, a charter member of Moose lodge, was awarded a life membership by the Antioch Moose lodge at last Wednesday night's lodge meeting.

There is a life membership award at all Moose Lodges in February of each year. Some lodges with a larger membership may have more than one.

Arthur Andersen, publicity chairman of the Antioch Moose news, reports that plans are progressing for the Mardi Gras party coming up soon.

This party is being planned by both the women and men of Antioch Moose. Details will be announced.

that residents were led to believe that they were signing for a sewer system and against increased taxation.

President Randall outlined what he called the true facts and elaborated on what he termed the many advantages to the village by the annexation. He said this annexation would not increase taxes but would add to village revenue.

More than 50 residents of Lindenhurst attended this first meeting. After the question and answer period refreshments, dance music and the playing of cards completed the evening.

## Awards Presented, Dinner Enjoyed At Grass Lake Cub Pack Banquet

Cub Scouts, parents and guests of Grass Lake Pack 80 met Sunday afternoon, Feb. 21, at the Grass Lake school for the annual Blue and Gold dinner.

This was an especially important occasion, it being the 50th anniversary of scouting.

There was a good turn-out of over 100 in spite of the weather, even some of the guests from Chicago making the trip.

Boys from the Webelos den conducted the flag ceremony and led in the pledge of allegiance.

Rev. Wallace Anderson of the Antioch Methodist church gave the invocation.

The committee presented corsages of blue and gold flowers to all the den mothers and to the cooks, in appreciation for their services.

THE DINNER was served by nine girls from the Girl Scout Intermediate Troop 6, and one from the Lake Villa troop.

After all had enjoyed a roast beef dinner, Cubmaster Earl Beese opened the program by welcoming members and guests. A special "thank you" was given to the cooks—Mrs. Charlotte Queen as chairman, assisted by Mrs. Anthony Lomma, Mrs. Fern Forbes and Stan Colburn.

Mr. Colburn took time off from his store, "House of Quality Food Store," at Grass Lake road and Route 59, to assist in the cooking and to carve the meat.

Cubmaster Beese then introduced the honored guests, Mrs. Wilbert Schaefer, president of the Grass Lake PTA, the sponsoring organization, and Mr. Schaefer; James Ferrier, institutional representative, and Mrs. Ferrier; Don Soder, chairman of the Cub Scout committee, and Mrs. Soder; Willard Ratz, scoutmaster of Troop 80; Rev. Anderson and Hod Peabody, Northwest district scout executive, and his wife and children.

Also introduced were the den mothers, without whom there would be no Cub scout program.

Den 2, Mrs. W. J. Murphy, assisted by Mrs. Earl Beese; Den 5, Mrs. Carl Jennrich, assisted by Mrs. Mueller; and den 7, Mrs. Clyde Queen.

THE SPEAKER, Hod Peabody, was next to be introduced. He stressed the importance of Scouting in building character in boys.

Peabody also displayed the special anniversary award which can be earned by boys who are in scouting this year.

Following is a list of the awards and the boys who received them: Bobcat badge, David Forbes; Wolf badge—Edward Jennrich and James Mueller; Bear badge, John Alshouse and Bruce Pierce; Gold and Silver Arrow under Wolf, Karl Jennrich.

Gold Arrow under Bear, John Alshouse; Gold and Silver Arrow under Bear, Robert Babe; Four Silver arrows under Lion, William Ernating.

Service Stars, Hart, Davidson, Rozek and Witkowski; Denner's bar, Robert Beese.

Webelos William Ernating, Leonard Rozek and Terry Witkowski were graduated into Boy Scouts.

Scoutmaster Willard Ratz presented each boy with his Boy Scout neckerchief and Cubmaster Beese gave each an arrow bearing the date of graduation.

TRAINING AWARD—Matt Nolan, scout committee; Five-year pin, Den Mother Charlotte Queen; Scout-O-Rama Awards—Each boy and each committee member who participated in the 1960 show received the segment to war on his

uniform.

There were prizes presented to those boys who sold the most tickets to the Scout-O-Rama. Billy Ernating won the first prize, Karl Hawkins second and Richard Hart third.

Runners-up were Karl and Ed Jennrich. All the boys received special neckerchief slides.

In addition, these winners in an achievement contest received their awards:

Robert Beese, first place, gold medal; Anthony Lomma, second place, silver medal; Richard Hart, third place, bronze medal.

The audience was entertained throughout the program by skits put on by various dens. The Webelos Den put on a demonstration of knot-tying.

Den 2 gave a birthday celebration for Boy Scouts, complete with card-board cake.

Den 5 acted out old proverbs in charades. Den 7 gave a parody of the song, "Sixteen Tons", complete with music and actions.

The meeting was closed by the color guard retiring the colors.

## Many Activities Scheduled Soon, Fox Lake Hills

By Jim Jankowiak (Crowded Out Last Week)

FOX LAKE HILLS—This week will be a busy one for the various groups about the Fox Lake Hills subdivision.

To start things off the Teen club held its session this week Monday evening. Location was the home of President Mary Ellen Dvorak in Unit 2.

All teenagers of the subdivision were invited to attend. Discussion was held on coming events.

The Ladies auxiliary will hold its meeting at the Holy Family church on Lehmann Blvd. in Unit 1. The date will be March 3 and the time 7:30 p.m. The women have a full schedule to consider at the meeting.

They have the Countryside Hospital rummage and bake sale to plan for as well as their up and coming social affair of the season—the spring dance, headed by chairman Jan Carpenter.

Sports club of Fox Lake Hills also will meet March 3, at Ray's resort at the lake next to the beachhouse. The time will be Thursday evening at 7:30.

The Sports club invites any men of the subdivision to attend the meeting to see exactly what the Sports club has planned for the coming weeks.

Snow plowing in the Hills has been quite good recently. There are generally clear roads as soon as the snow stops.

One complaint of the residents, however, has been that sand has not been dropped in appreciable amounts on the hills. This causes many cars to get halfway up a hill only to stop.

Then they have to back up and get a flying start to make the grade.

Residents of Fox Lake Hills wish to welcome the Pickering family into the subdivision. The Pickering family live on Columbia Bay drive in Unit 1. They moved in last Saturday.

Congratulations to Dr. and Mrs. M. N. Wellens of Unit 1. They are

## DEAR EDITOR Your Letters

Editor: Antioch News, Antioch, Illinois  
Your newspaper has given fine support to The Salvation Army throughout 1959, and we are deeply appreciative.

I do not mean to imply that you have carried unworthy material as a "favor" to the Army. You are one of the metropolitan Chicago papers which consistently maintains too high a journalistic standard to so abuse the confidence of your readers... but that same integrity leads you to accurately

report and interpret all those charitable activities which are in your circulation area.

This is honest reporting and everyone benefits from honest reporting. Because your stories are well done, those about The Salvation Army which have appeared inevitably have brought the Army a greater degree of public understanding.

Thank you for being so good a newspaper.

## Square Dance Attracts Big Crowd To Channel Lake School Saturday

By Mrs. Pearl Kappel

CHANNEL LAKE—There was a good turnout for the square dance party held at Channel Lake school on the night of Feb. 27.

Veteran square dancers and beginners enjoyed the event, under the direction of the combination teacher and caller provided by the committee in charge of the affair.

Mrs. Richard Harland, chairman, is to be complimented for the thorough preparation which contributed to much to its success.

The dance was sponsored by the Channel Lake Community club.

The Birthday club of Felter's subdivision helped Mrs. Anita Hamelberg celebrate her birthday on Feb. 19. Refreshments were served, including several cakes brought by various ladies.

As one member put it, "We were fairly floating in whipped cream."

Those who attended besides the guest of honor were Mrs. Marge Ohlgren, Mrs. Kate Christopherson, Mrs. E. Hamelberg, Sr., Mrs. Roy Lokke, Mrs. Lillian Lenske, Mrs. Evelyn Purdy, Mrs. Madeline (Grandma) Tulp, Mrs. Betty Hendrickson, Mrs. Rose Buttler, Mrs. Mary Moore, Mrs. Ruth Gibbons, Mrs. Mabel Weber, Mrs. Phyllis Kapishchke, Mrs. Marian Kleven and Mrs. Margit Larson.

Are you a pinochle player?

If so, you'll appreciate the feelings of Al Moore, of Felter's subdivision, when he got 300 pinochle three times in a row, when playing with friends last week.

I gather this is comparable to getting a royal flush in poker three times running, although I've been unable to find any statistics on the matter.

Some of Al's friends are dubious about playing cards with him until they're sure his phenomenal run of luck is broken.

Mr. and Mrs. Stanley Ankeny, of Austin, Minn., spent several days with the Dale Bartley family recently, leaving on Feb. 23. They were astonished at the accumulation of snow we have. They report that the snowfall in Minnesota has been much lighter. Mrs. Bartley and Mrs. Ankeny are sisters.

Mrs. Frances Scanlan entered St. Therese hospital on Feb. 28.

The roller-skating party sponsored by the Community club was held at the Rollin' Wheels Roller Rink in Twin Lakes Feb. 27, had a small turnout.

However, those who attended received the benefit of free lessons from the rink's instructor most of the afternoon.

Three free passes for a Sunday

Everybody in the Hills now has a street number rather than just Route 1, Lake Villa. These numbers were placed on the mailbox, but not in paint. It is the duty of the residents to paint these numbers on and start using their new address.

## Jacque Koppen Named Crusade Chairman Here

Jacque Koppen, First National Bank of Antioch, has been chosen to direct the 1960 Cancer Crusade in Antioch, it was announced by Lake county crusade chairman Dr. Richard U. Schock.

The annual educational and fund-raising drive begins April 1, and all public-spirited citizens of our community are being urged to make this a full-scale offensive against cancer.

Cancer is "public enemy disease number two," second only to heart disease as a cause of death, Koppen said.

April has been designated cancer control month by presidential proclamation. Throughout the month volunteers will distribute live-saving information to every home in Antioch.

Cancer control is a year-round program, but this is the time of the year when an effort is made to try and save more lives.

Funds collected will sustain the ever-increasing momentum of war against this ancient enemy of mankind.

Quota for Lake county is \$43,522.50. Antioch's share of this quota is \$400.

## BETTER-BRAKES...BUICK '60

## BRAKES HATE HEAT!

Buick's fin-cooled Aluminum Drums get rid of heat quicker so you're safer!

Brakes generate their own worst enemy—terrible heat. Excessive heat is bad because it may cause brakes to lose part of their effectiveness. So the faster you can dissipate it, the better off you are.

Buick gets rid of heat faster by using fin-cooled brake drums. On the front wheels, where most of the braking is done, the drums are aluminum. They cost more to make but they shrug off heat much faster than drums made of ordinary

metal. Buick is the only American car that makes them standard, at no extra cost, because you will be safer with them.

Best time to buy a Buick '60 is now because you will get top dollar on your old car and have a wide selection of colors and body styles from which to choose. You can own a quality Buick for less than you might think, and your Buick Dealer can arrange terms to suit your budget.

## Juniors To Take Scholarship Test

These Antioch-Lake Villa high school juniors are scheduled to take the National Merit Scholarship Qualifying test at 9 a. m. on March 19.

Bernard Anderson, Charlene Bogerts, William Bonner, Loretta D'Abaldo, Pamela Drucker, Brian Elliot, Leslie Herbst, Lester Hribar, Lance Keisler, Edward Martin, Margo Ott, James Proslise, Robert Randall, Emily Reichenbach, Donna Shewan and Dee Stillison.

The tests are given each year by the National Merit Scholarship corporation as part of the nation's largest independent scholarship program.

Last year 550,000 students competed in 14,500 schools for more than \$3.5 million worth of four-year scholarships.

Awards are granted on the basis of intellectual merit, but student financial needs determine the size of individual stipends, which are renewable each year without further testing.

The NMS exam, administered by Science Research associates of Chicago, also is valuable to students for selecting their careers or planning their courses in high school and college, Frank Denison, coordinator of guidance, observed.

After the test, each participating student will receive an interpretive folder that reports individual test results for comparison with scores

## Sumner Parker Sick With Flu

By Mrs. Anna M. Lyons  
Solon Mills Correspondent

SOLON MILLS—Sumner Parker has been on the sick list again with flu and also with a lame back due to too much snow shoveling. He is hoping there are no more snow storms this winter.

Lyle Jackson is a patient in Harvard hospital.

Well, everyone is pretty well dug out of the snow—at least we can see our neighbor's places. It's really

cold for the last day of February.

Mr. and Mrs. Dick Young and children are spending a couple of days with Mrs. Young's parents, Mr. and Mrs. Melvin Medeen.

Arthur Merrell is slowly recovering from his long illness and is looking forward to some nice spring days when he can get outside.

Mr. and Mrs. Ed Lyons spent Sunday afternoon with Mr. and Mrs. Einar Johnson at Barreville, also learned of the death of Mr. Johnson's sister-in-law, who lived next door. Her husband died just six months ago so it was quite a shock.

Edwin Vogel has a bad knee but keeps right on working. He has the

will power a lot of us would like to have.

Mrs. Ed Lyons had as guest, her sister-in-law from Phoenix, Ariz., and she had not been here at winter time for about ten years, but she said she didn't mind the cold and thoroughly enjoyed it.

The flu has made its rounds here and has not missed many. We hope this zero weather will freeze out some flu germs.

## Dawn Mindak, Lindenhurst, Injured In Sled Mishap; Other Area News

By Mrs. Edward Bernau  
Phone ELliot 6-5449

LINDENHURST—Sledding down a hill, Feb. 28, was almost disastrous to little Dawn Mindak, 7, of Hawthorne drive.

Two boys were shoveling the snow off a sled run, and didn't see her when she started down the hill. The tip of a shovel hit Dawn on the eyelid, inflicting a deep cut. The boys brought her home and her father, Frank, took her to St. Therese hospital where one stitch was put in.

Mr. and Mrs. Biaggi of Thornwood drive and their three children, Jerry 16, Ronnie 13, Bobby 8 and Marilyn's father, Jess Helton, returned from a three week vacation to the west coast of Florida, Feb. 27.

They visited her mother, Mrs. Orv Helton, in Naples, where they stayed for two weeks.

They did some swimming and fishing in the Gulf of Mexico, where they got a nice Florida tan and caught several salt water fish. The family drove home through Miami and St. Augustine. It was hard to come home to all this snow and cold, but as the saying goes, "there's no place like home."

Little Patricia, who was one year old Feb. 28, had a family celebration Sunday. She is the daughter of Robert and Peggy Karry of Bonner lane. They have four other children, Lynn 7, Michael 6, Nancy 4, and Robin 3. Peggy's parents and brothers' family also came over to wish the baby a happy birthday.

They are Mr. and Mrs. George Weinberger of Waukegan and Mr. and Mrs. George Weinberger, Jr., Glen and Guy of Lindenhurst.

Mrs. Lois Peterson of South Thornwood drive had a surprise birthday party Friday, Feb. 26, on her girl friend, Mrs. Lorraine Lewis of Valley drive.

Her birthday was Feb. 28. Twelve friends were present. They all brought a little remembrance.

Lois presented Lorraine with a "This Is Your Life" book. It contained pictures cut from magazines and not actual photographs. It was quite clever.

Belated happy birthday greetings to Esther Schneider of Hazelwood dr., Beverly Hanf of Hazelwood dr., Georgia Sutherland of Hickory dr., Dwayne Frontzak of Sand Lake road, Dorothy Golden of Elmwood dr., Frank Partipilo of White Oak dr., and Randy Gorsky of Plumtree road.

Parents of their first child, Kathleen, are Donna and Arthur L. Neubauer of Deerpath road. Kathleen who was born Feb. 6, in St. Therese hospital, weighed 7 lbs. 9 oz.

If Dorothy Golden of Elmwood drive looks a little dejected these days, here's the reason why.

Last week the quiz-master of "Quiz the Mrs." called her and asked her if she had a recipe handy that is printed on the box of his sponsor's product.

Dorothy had had one, but threw away the empty box the day before. If she could have given him a recipe she would have been \$74 richer.

Dorothy could have bought several luxuries for herself, Marty, Sr., and their five little "nuggets," Billy, Sandra, Marty, Jr., Michael and Denise.

Save those recipes, gals, "it could be you" he'll be calling next.

Little Julie Caldwell celebrated her fifth birthday Feb. 22. She was born on the 21st but her mother, Millie, was just getting over the flu so she had to postpone the celebration for a day. Julie is the daughter of Justice of the Peace Ray Caldwell of Old Elm road. Other members of the family are Linda, 14, Mickey 13 and Jeanne 5 months old.

Bruce Boreen observed his 12th birthday Feb. 24 by inviting Jerry Dusak, his best friend, to join the family in celebrating the occasion. Bruce is the son of Mr. and Mrs. Byron Boreen of Thornwood drive. His sisters, Carol 7, and Joan 5, also shared in the birthday cake. The children are pupils of Hooper school.

Clarence Kleffner of Beck road and his four children, John 8½, Jeanne 5½, Chuckie 3 and Cindy 1, helped mother Nancy celebrate her natal day Feb. 24. Due to the weather Nancy's mother and sister were unable to come out.

The executive board of the Ladies auxiliary to the Lindenhurst Men's club will meet Monday, March 7, at Mrs. Ted Flanagan's home on Briar lane. She is vice-president of the society.

Mr. and Mrs. George Lance and their daughter, Linda, of Sprucewood lane, were guests at his cousin Robert P. Michalski's wedding Feb. 27 to Caroline Losurdo. The wedding took place at 2 p.m. in Holy Rosary Church in Chicago.

Later they had dinner at the Andrew House in the Althea room. Bob is home on leave of absence. The couple will honeymoon in Florida and his wife intends to live in Florida where he is stationed.

Mrs. Floyd Stanley of Sand Lake road and Mrs. John Slove of Sunset Lane were invited to attend a Brotherhood luncheon Feb. 22, at the Ambassador West Hotel in Chi-

cago, given by the Ivy Capper Research foundation honoring Dr. Andrew C. Ivy, former vice president of the University of Illinois professional schools in Chicago.

The ladies came away from the luncheon very enthusiastic to do their share in fighting cancer. Mrs. Slove will soon head an Ivy league to be located in Lindenhurst and take in the surrounding area. The ladies had breakfast in the Buttery, luncheon in the Guild hall and dinner at the Oasis on the way home.

The Friday night Canasta club met at Mrs. Ida Christensen's home on Hazelwood drive, Feb. 26. Members present were Dorothy Moe, Pat Schartz, Georgia Sutherland, Ing Speigler, Pat Verba, Bert Harceg, Dolores Povillaitis and Ruth Burke.

Mrs. Sutherland won first prize. It was a combination ice box and serving dish. Second prize of a plastic ice cube tray went to Mrs. Moe. Three terry cloth hand towels were won by Mrs. Povillaitis.

If you want to keep in the good graces of Mrs. Mel Uebele of Hawthorne drive and Mrs. Phyllis Kleban of Longmeadow drive DON'T call them in the morning between 9:30 and 10. The ladies are busy doing their exercises with Paul Fogerty.

Victor Magill of Burr Oak lane had a lot of company on his ninth birthday, Feb. 27. Wishing him a happy birthday were his maternal grandparents, Mr. and Mrs. Victor Wautelet, Sr., of Round Lake Park, his aunt and uncle, Mr. and Mrs. Tom Shannon of Round Lake Beach, his paternal grandparents, Mr. and Mrs. Charles Evans of Grayslake and friends of the family from Inglewood, Mr. and Mrs. Harry Klauda. They all enjoyed the beautiful birthday cake from Slove's, especially his sisters Aileen 2½ and Alison, 4½. He is the son of Russell and Alice Magill.

The regular meeting of the Lindenhurst Men's club will not take place Thursday, March 3. It is being cancelled this month due to all the snow in the driveway leading up to the club house.

The Ladies' Auxiliary to the Men's club have their 1960 calendar ready. April, bake sale; May, card party; September, rummage sale; November, spaghetti dinner; December, potluck supper and parcel post sale; December, Christmas party, and New Year's eve party in conjunction with the Men's club.

I will be very happy to print the news of your club, society or family if you will call me. News has to reach me, not later than Monday morning to be in for the following week. Let's inform your neighbors of your activities.

## 'First Wedding' For Lindenhurst Held Recently

By Mrs. Edward Bernau

LINDENHURST—A gala "first wedding" for Lindenhurst village proper and a "first wedding ceremony" performed by justice of the peace Ray Caldwell of Old Elm road took place Feb. 21 in the home of Mr. and Mrs. Mike J. Fidanzo of Hazelwood drive.

The bride was the former Mrs. Lillian Smith of Chicago and the groom Jerry Naponelli, also of Chicago.

The wedding took place at 11 a.m. under a trellis that Viv Fidanzo created from boards, a hoop skirt, newspaper, crepe paper, a sheet, string and artificial flowers.

The Fidanzos' daughter, Vita, played the wedding march on the organ. Mrs. Fidanzo was matron of honor while her husband, Mike, was best man. Well wishers from Lindenhurst were Mr. and Mrs. John Slove, Mrs. George Lance, Mickey Fidanzo and Mr. and Mrs. Warren Frontzak.

From Chicago, the bride's mother, Mrs. Laura Mancine, and Norine Smith, her daughter and the groom's mother, Mrs. Celia Naponelli, Robert Vneul and Don Dashman, were present.

Mrs. Fidanzo baked the wedding cake they brought in and cut at the Homestead restaurant in Chicago, where they had dinner later for the wedding party and immediate family.

The newlyweds are on a two week honeymoon to Florida and will reside in Chicago when they return.

MAD SCRAMBLE in the Antioch high Sequoits regular season finale played with Grayslake last Friday evening on the local floor shows several players on both sides trying to reach the ball shown at top center. The Fighting Sequoits won 90-55 with little trouble to bring their conference record to 13 and 1. Antioch players identifiable are Jerry Dahlman (40) at left in white uniform, Bob Martin (34) and Dick Gudgeon (14). Don Pyles of the Sequoits is believed to be the youth in white uniform at the right background. Grayslake players identifiable by number are Klefe (11) and Hawkins (23). (Antioch News photo)

## Sequoits Trample Grayslake 90-55 to End Regular Year

Antioch-Lake Villa high school's basketball team closed its 1959-60 season on a high note with a convincing and easy victory over Grayslake high on the local floor last Friday evening before a standing room only crowd.

The Fighting Sequoits roared to a 27-13 first quarter lead and were never behind as they outscored their rivals in every quarter to post a 90-55 victory.

The win gave the local youths a 13 and 1 record for the Northwest suburban conference season and first place in the final standings.

A trophy will be presented to the student body at a later date.

Coach Leon's youths had much the better of the argument in all statistics, including the final score.

**THEY MADE** 34 out of 70 field shots for a 48.6 percentage compared to 22 out of 57 for a 38.6 mark for the Grayslake team.

In free throws the Sequoits sank 22 out of 30 for .733 as compared to 11 out of 23 and .478 for the visitors.

Rebound-wise the local cagers pulled in 11 offensive and 27 defensive for a 38 total compared to 13 offensive and 18 defensive and a 31 total for the Grayslake quintet.

Coach Leon commenting on the game said his youths really wanted to win this game and was surprised that Grayslake didn't put up more competition. It was evident in the first quarter when Antioch had a 14-point lead that the Sequoits would win.

The local youths didn't figure on Lake Forest upsetting Warren as it did the same evening 76-63, the loss by the Blue Devils giving them a 1-13 record for the conference season.

**THE LOCAL MENTOR** used reserves throughout the fourth quarter and still Antioch outscored their rivals, this time 17-13. They had outdistanced Grayslake 25-14 in the second period and 21-15 in the third.

Leon gave high praise to the reserves this season, citing the fact they gave good "bench strength" for the Sequoits and helped much in providing tough competition in scrimmages and made the first five work hard all season.

Jerry Dahlman against Grayslake bagged 30 points for high point man, followed by Don Pyles with 22, Bob Martin 14 and Les Herbst with 11.

Leon used everyone on his squad, including third stringers in the final two minutes or so of play in the game.

Turning to the regional tournament being played at Libertyville this week, Leon called the Libertyville team tall but not exceptionally fast. It should be tough to beat on its home floor, though.

(A victory over Grant this week Tuesday evening could put the Sequoits against Libertyville this week Thursday night. Libertyville must defeat Elva-Vernon Tuesday night.)

**LAST WEEK-END** the Libertyville Wildcats triumphed over Palatine 71-52 in a North Suburban conference game and lost to Prospect high in a non-loop affair Saturday evening. Leon and Roy Nelson watched the latter game.

The Wildcats have a lot of height and are aggressive defensively. Their center, Hill, stands 6-5 and weighs about 220 pounds which makes him rough on the boards.

The local coach commenting further on the tournament said he thought his charges had not reached their peak, hinting their best games might be yet to come and thereby offering a warning to their foes.

Barrington which is in another bracket in the Libertyville circuit and might meet Antioch in the finals Friday evening, edged Zion-Benton 82-80 in their conference finale last Friday night.

## Ice Fishing Slowed To 'Slow Walk' In Chain O' Lakes Section Of Late

By Jim Jankowiak

Ice fishing in the Chain O' Lakes area has come to a slow walk as compared to the early January runs. In the past few weeks, there have been only scattered bits of action.

Notable among those places where the sport is still holding up is a small private lake—Brandenburg. The bluegills have been reported as hitting steadily, although not as strong as previously.

The usual Antioch regions hot-spots have little to boast in the line of big catches and fast action. Even the crappies, number one bitters this season, are not rushing to the anglers' bait.

Petite reports some action in scattered places. In general, however, the fishermen have been concentrated up in the north end with not much luck.

Early season bass and bluegill runs are quite a thing of the past at that lake until the ice begins to break in another month or so.

Stanton bay of Fox Lake and Meyer's bay of Pistakee also have not been panning out too well. It appears that big play in these two areas will be somewhat limited for the remainder of the season.

No news was heard from any of the lakes on the northern extremities of the Chain.

The main reason for the sharp decline in the numbers of fish being caught is the snow. A deep blanket has spread over the entire Chain. This causes two things to happen:

The snow covers the ice and blocks the passage of light to fish swimming in the water beneath.

Secondly, the snow cuts off much of the oxygen supply that normally diffuses through the ice. The latter is an important cause of the famous "winter kill."

Consequently, the fish become

sluggish and do not move around as much as usual. This slows down their body processes and they thus need less food. So they do not bite.

There is always a chance that some species of fish will begin to run and thus salvage the rest of the season, but if previous years' trends in the same type of situation is followed, the chance is remote.

## Central To Play Waterford Quint In Sub Tourney

PADDOCK LAKE, Wis.—Burlington will meet Kenosha in the second round opener at 7 p.m. and Waterford is to face Salem Central about 8:30 this week Thursday evening in the sub-regional basketball tourney at Central high school.

Salem Central and Kenosha had drawn byes in the first round.

Losers in games played Thursday evening will vie in the consolation round tilt at 7 p.m. Friday with the victors in Thursday's contests meeting at 8:30.

Saturday evening winners of the Central high playoff will meet the victorious team in a tourney played this week at Delavan. This game will be at 8:30 after a contest for the consolation round title starting at 7.

The consolation round champ will receive individual medals. A trophy will go to the sub-regional tournament titleholder.

GABBY HARTNETT, (left) former major league baseball player and manager of the Chicago Cubs, is shown as he signed up for the Antioch Bowl men's bowling tournament which ended this past Sunday evening or early Monday morning. He brought a group of top bowlers from his bowling alley to compete. Shown in the center background is the trophy awarded to the tourney winner. ## Semi-Pro Cage Tourney Slated Here on Sunday

A playoff tournament with the top four teams in the final standings of the Land-O-Lakes league taking part, will be held in the Antioch-Lake Villa high school gym Sunday afternoon and evening, March 6.

First game at 1 p.m. will put Richmond against Grayslake and in the second contest booked for about 2:30 it will be the Antioch Scouts vs. Wauconda.

That evening at 7 o'clock, losers in the afternoon contests will play in the consolation round, followed by the winners meeting at 8:30 for the play-off championship.

Antioch Scouts won the regular season championship and this past Sunday afternoon continued in the victory column with an 85-81 win over Round Lake.

Next Tuesday night, March 8, the Scouts are scheduled to play an all-star team from the Land-O-Lakes circuit in a March of Dimes benefit game on the local high school floor.

This past Sunday the Scouts had to rally in the second half to nix the fired-up Round Lake quintet. The score favored Round Lake 45-34 at the half time pause.

It was just one of three games played here to end the league season.

Haviland and Smejkal with 18 and

## G. Wollenberg Wins Bowling Tourney Here

Gordon Wollenberg of Butler, Wis., after one round of bowling, lost his personal ball, picked up a house ball, shot a low of 454, and then after regaining his own sphere that another kegler had used by mistake, was so elated that the Wisconsin man won top prize in the Antioch tourney Sunday.

He rolled games of 259-233-245 and 737 total that together with a 14 pin handicap gave Wollenberg a 781 total and the tournament championship. This included a \$500 top money prize and a trophy.

Larry Ogrin of Kenosha, Wis., was second with 722 scratch and 743 handicap, followed by Alex Yorgan of Chicago with 739 handicap total; Wally Weiss of Old Fitzgerald-team with a 734 scratch (he had no handicap).

Fifth place tie went to Roger Stratton, one of the Antioch Major leaguers, bowling 679 scratch and 717 handicap, and Whitey Cox, another local favorite, rolling a 701 scratch and 717 handicap.

Don Coombs of Antioch (1958 winner) had the highest game in the 1960 tournament with a 299 for which he will receive the ABC award, choosing a ring. His total of 708 for the tournament was good for 11th place.

Red Haydon, a local building contractor with a 145 average, had the crowd up on its toes when he started with a 210 and then in the second string rolled a strike, followed with a spare.

Then he was credited with eight strikes in a row for a 277 so going into the last game and needing only 185 game, he fell down to 123 for a 690 total.

Ray Rosland of Harwood Heights, a 17-year-old, rolled a 695 scratch which with a 10 pin handicap gave him a 705 total.

Coombs rolled the high single game of the tournament at Antioch Bowl, followed by Eddie Brosius of Aurora with 288 and Haydon of Antioch with 277.

## Central Ends Regular Year With Victory

By John Fisher

Central High Sports Reporter  
PADDOCK LAKE, Wis.—Central high school of Salem's Falcon basketball team ended its 1959-60 regular season on a victory note as it took the measure of Burlington 75-73 in a non-conference game last Friday evening.

Central thus ended its cage wars with a 15 wins and 3 defeats record, including both conference and non-league games.

The home team from Paddock Lake led all the way until the fourth quarter when Burlington took a 68-62 lead. The visitors held this until Salem went on top 73-71 and then

## Stock Car Racing Is Major Topic At Trevor Meet

Getting a springing start on spring last Friday night, approximately 200 racing enthusiasts turned out at Iggle's hall, Trevor, Wis., to herald the May 21 opening of the Wilmet Stock Car race track.

Jim Smith, president of Patenjim Incorporated, addressed the group and told them the new plans of the organization to further enhance the Saturday night events which have come to be so popular in the Wisconsin village.

He said that many new attractions would be added this year and he hoped that some day in the not too distant future the races would attract 10,000 people each racing night.

Already the figures have swollen greatly to make Wilmet the "Indianapolis of Wisconsin."

Present location of the race track is at Wilmet in Kenosha county on route C.

The site is owned in part by the Kenosha Fair association and in part by the Wilmet high school. It is leased yearly by the Patenjim corporation.

Smith told the audience that a new Chevrolet car had been purchased by his company and would be presented to the driver making the highest total points for the season.

This would come he said, from the corporation and not from the proceeds due to the drivers and would be a bonus.

The meeting was open to much constructive discussion and many material things were settled for the coming year.

Visitors from the Kenosha county sheriff's office were introduced as well as from the Gaston Printing company, publishers of the Lake Region News and the Antioch News.

Drivers and owners attending the meeting were from all over the central states with northern Illinois and southern Wisconsin being well represented.

Illegal passing is among the most dangerous of traffic violations. Never pass on hills, curves, at intersections, and whenever a solid yellow line is painted on your side of the highway center line. It is important to remember, however, that the absence of a yellow line does not automatically give you the right to pass.

made it 75-71 with 10 seconds to play in the game.

Two free throws by a Falcon player sewed up the game in those final 10 seconds as Burlington tallied a basket as the final buzzer sounded to give the 75-71 final verdict.

Salem Central made 29 out of 46 free throws for a 63 percentage, one of the largest number of free throws sunk in any one game.

Len Krawczyk with 17 points and Ron Yates who dumped in 30 paced the Central quintet.

In the B squad clash, the final figures favored Burlington 49-39. The Central lineups:

## Channel Lake Board Talks Of Discipline

About 35 people attended the special school board meeting held at Channel Lake school on Feb. 26 to consider complaints of some of the parents of laxity of discipline in the school.

Most of the complaints heard were alleged by the parents to have arisen from a lack of discipline and supervision on the playground.

Also listed were incidents which occurred on Lake avenue on the way to and from school.

No solution could be found to the problem of supervising the children on the way to and from school.

A couple of parents volunteered to help in patrolling the road at these times, but not enough volunteers could be found to put the idea into effect.

Several parents asked that the rule of the school board, which prohibits a teacher's striking a child, be abolished.

This rule was put into effect about 15 years ago and has continued to be the policy of each board.

The board agreed to go into the matter at its next regular meeting.

It was suggested, and there was general agreement on the matter, that a list of rules of conduct for the children be drawn up and posted in the school, and copies sent to parents.

Breaking of any of these rules would be punished in whatever way the teachers and principal found necessary.

The board will also consider this matter at its next regular meeting.

## '60 Easter Seal Drive to Open Here March 17

The 1960 Easter Seal campaign in behalf of crippled children and adults has set a goal of \$200,000 for this year's campaign, March 17 through April 17, George Barr, president of the Chicago Easter Seal Society, said.

"Funds raised in the Chicago area are used to maintain the society's facilities and services," Barr said, "and to expand our services to the thousands of crippled children and adults on our waiting lists who have come to the society for help."

The society serves all crippled, regardless of the cause of crippling. Among the services provided by the society include two therapy centers where crippled children and adults receive physical, occupational, and speech therapy from trained therapists. Two summer day camps for crippled youngsters, the only camps of this kind in the Chicago area, are provided.

At-home therapy for adults, employment for homebound adults, and an orthopedic equipment loan pool programs are included.

Approximately 90 per cent of funds raised in the campaign finances direct services to the crippled in this area.

Here is the slope for the more advanced skiers, with the rope tow for it at the right. Skiers seem silhouetted in this photograph because of the sun being almost directly behind the hill in the background. Skiers can be seen more than half way up the slope as they headed for the level part near the buildings. Another ski slope and tow is off the picture to the right. The snow was not deep when this picture was taken but it was well packed for skiing. Children as well as young people and adults were seen this day. (Lake Region News photo)

## Alaskan 'Husky' Greets People

By Mrs. Pearl Kapell  
CHANNEL LAKE—Some of the guests who attended Margaret Runyard's plastic party Friday night were fortunate enough to meet Chinook, the Runyard's Alaskan Husky dog.

Chinook was lost some time ago, and was returned to his loving family as the result of an ad in the Antioch News.

He's a beautiful, big dog, and I fell in love with him immediately—and I'm a person who, definitely, prefers, as a rule, to have as little as possible to do with dogs.

Chinook obviously returned my love—or else I had his place on the davenport—as he immediately came over and deposited as much as he could of his approximately sixty pounds on my lap and gazed adoringly into my eyes.

Either Chinook needs psychiatry, or he's never looked in a mirror. He's convinced he's a lap dog.

We had quite a mutual admiration society going for a while, until his mistress came over and attempted to remove him.

Margaret momentarily forgot that Chinook has another little idiosyncrasy—when anyone attempts to use force on him, like pulling on his collar, it upsets him.

His reaction is the same as the one you get when you pour water in the mouth of a Dy-Dee doll.

Margaret pulled.

Chinook reacted.

The lady next to me, who was on the north end of Chinook, received the benefits.

Thank you, Chinook, for having your head on MY lap.

## Hi School Busy Thursday Night

The halls and some of the rooms at Antioch-Lake Villa high school were busy places last Thursday evening when three different groups met there for varied activities.

People working on the set for the play "Time Out for Ginger" to be presented this week Friday and Saturday evenings at 8 o'clock were "working out" in the auditorium.

Down in the cafeteria tryouts were being held for the senior class play to be presented April 8 and 9.

The music room of the school was the scene of rehearsals for a hand contest held the end of last week in which AHS students took part.

Two results of all the activity was that the school parking lot was well filled with cars until at least 9 p.m. and the building custodians possibly worked longer and later than usual.

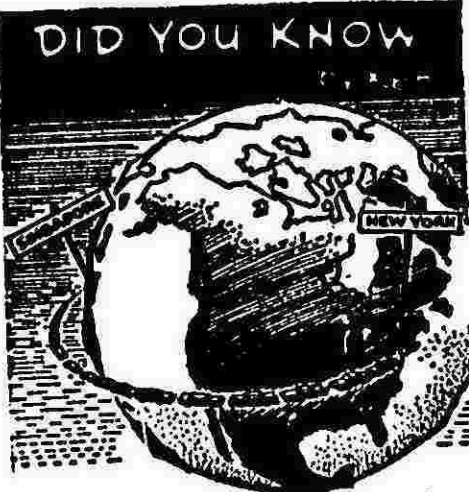

## Tentative Budget For Town on File

Notice was given this week that a public hearing on a tentative budget and appropriation ordinance for the town of Antioch will be held at 3 p.m. Tuesday, March 29, in the Antioch village hall.

The tentative budget and appropriation ordinance for the town for the year beginning Feb. 1, 1940 and ending Jan. 31, 1941 will be available for public inspection at town clerk L. R. VanPatten Jr.'s office after 2 p.m. Saturday, March 5.

Signing the notice of public hearing on the proposals were L. E. Murrie, township supervisor, and clerk Van Patten, Jr.

## Ray Paddock Dead at 68

SALEM, Wis.—Ray M. Paddock, 68, of Salem, a member of a pioneer Kenosha county family, died last Tuesday at a Kenosha hospital following a one-year illness.

He was a member of the fifth generation of the Paddock family to live in the town of Salem where he had resided all his life.

Mr. Paddock owned and operated a summer resort on the east side of Paddock Lake. This resort was named for his grandfather, Dr. Francis Paddock, who built a home on what is now highway 80 in 1835.

He had been a member of the Paddock Lake school board for 25 years and of Washburn Masonic lodge no. 145, F. & A. M., at Bristol.

Born on Jan. 29, 1892 in the family homestead, he attended the agricultural school at the University of Wisconsin.

Survivors include his wife, Mildred Vincent Paddock; two sons, Vincent M. of Hales Corners and Alva C. of Salem; a daughter, Mrs. Norma Scott of Greenfield, and six grandchildren. A brother, Alvin D., died in 1957.

Funeral services were conducted Friday, Feb. 26, at 2 p.m. from the Salem Methodist church with interment in Union cemetery Paddock Lake.

## ATHS Class Pictures Sought by Alumni

Antioch Township high school alumni having pictures of certain graduating classes at ATHS are asked to contact Mrs. Edna Radke at the high school about using these pictures in an exhibit.

Photographs of the classes of 1919, 1920, 1922, 1923, 1924, 1925, 1926, 1927, 1930, 1932, 1942, 1943, 1946, 1947 and 1948 are needed.

Just Monday pictures of the classes of 1921, 1928 and 1929 were added to those already acquired.

Photographs used by the high school will not be harmed. Reproductions of them will be on display.

This year's lamb crop was only about two percent larger than the 1958 crop. This increase is just about enough to match the growth in population.

 Eleanor Bolton's "Dried Flowers with a Fresh Look" is a treasury of methods, materials, and final arrangements.  
 Color plates and photographs enliven the text of this beautiful book which was given to the Antioch Library in memory of Mrs. J. E. Brook.  
 Matthew Josephson was given access to a wealth of original material in the writing of his biography of Thomas A. Edison.  
 Josephson tells of Edison's fertility in the field of invention and of his successes and failures with the financiers, and also illuminates the personality of this charming and witty man.  
 "Edison" was presented in memory of James Webb.  
 In "Dr. Ida" Dorothy Clarke Wilson tells of the tremendous accomplishments of Dr. Ida Scudder, one of the greatest medical missionaries of all time.  
 Her tireless struggle to bring decent medical care to the women of India resulted in the vast medical center at Vellore, India. "Dr. Ida" was given in memory of Mrs. Mary Golden.  
 Art Linkletter believes that somehow, somewhere American parents have lost the knack of enjoying their

The third edition of the "Supersonic News," published by Mrs. Richard Whitacre's second grade class at Antioch Consolidated grade school, made its appearance this week.

This three-page mimeographed sheet was written by her second grade students with all articles being copied for mimeographing as submitted with no changes in spelling, punctuation or composition.

Mrs. Whitacre pointed out that children are learning phonetics and therefore their spelling often is just as the words sound when spoken.

Despite the bad weather Doug Sanders of Elmwood drive, was not deprived of his birthday party Thursday, Feb. 11. A birthday cake had been ordered from Slove's but due to the inclement weather, it couldn't be delivered.

So Dad, Doug, Sr. and Doug, Jr., did what had to be done. They baked a birthday cake! Mrs. Rhonda Sanders was busy preparing other things for the party.

His young friends who helped him celebrate were Martin Golden, Jr., Sandra Golden, Susan Drago, Donald Jansky, Jerry Hansen, Robert Hunt, Kenneth Mulvihill, Linda Lance and Danny Dirksen. Doug was eight years old. He is a student at the B. J. Hooper school.

Frank Partipilo of White Oak drive observed his birthday Feb. 14, with his family.

## We Just Love Winter —

All That Work Just to Have Fun,  
Or What Was Your Trouble Today?

By Mrs. Pearl Kapell

Isn't winter beautiful? The snow falls gently on the bare landscape, covering all the ugly brown countryside with drifts of whipped cream.

Little trees cuddle into the drifts like candles, and the whole world looks like a giant birthday cake.

If it's a sleet storm, icy snow clings to every branch and wire. The next day, the sun lights a million icy candles on the tree branches. And when the wind blows, all the little candles tinkle like a million glass hearts breaking.

Isn't it beautiful? Everyone says it looks like a Christmas card. It does. And then the work starts.

The glass hearts break and your phone doesn't work. The wires are down. Your phone will be out of commission until the poor, half-frozen repairman can get to it.

THEY'VE BEEN out all night in that icy, beautiful, glittering countryside, repairing wires, and they don't think it's one bit lovely.

Neither do the Public Service repairmen. They've been up all night, too, repairing electric wires. Just one of the little inconveniences brought on by winter, snow and cold.

If it's a really cold morning, your furnace probably picked this time to go out. If you're fortunate enough to have a phone working, you call a repairman.

Numerous people apparently had the same trouble, as he regretfully informs you there are several ahead of you. He'll try to get there this afternoon.

Or tonight.

Or sometime.

**EARLY-TO-WORKERS** go out to start their cars. Naturally, you can see you're going to have to shovel to get it out.

But first things first. Let's get it started. Only it won't start. —If there are any weak spots in your car, cold weather will bring them out.

The first cold morning usually brings a deluge of calls to garages from unhappy workers who can't get their cars started.

This morning is no exception. He'll be there when he's made up—teen prior calls.

The lucky man whose car always starts, no matter how cold the weather, can look smugly down his nose at all the less fortunate souls —and does.

If the tires on the car are all worn, of course you'll get stuck every time the roads are icy or snowy.

**EVERY MAN** who drives is calmly confident that he can drive in snow or on ice a little better than any other driver.

It's quite entertaining to be riding with one of these expert drivers on icy roads when he gets behind the car of a woman who insists on crawling along at a nice, safe 15 or 20 miles an hour.

Dangerous, but entertaining. And really almost worth it to see him get stuck.

When you get stuck, of course, the first thing you do is "zoom" the motor and go forward and backward till you've got a pretty good hole dug.

Then all the passengers get out to push. As no one ever expects to get stuck, you're never dressed for this occupation, so you get wet, cold and dirty.

Especially if you make the mistake of getting behind a rear wheel to push, and it throws mud and snow up in your face.

**USUALLY, YOU** eventually give up, and call a garage to get pulled out—which you should have done in the first place.

One of the first things that must be done, after a heavy snow, is to shovel the walk. You put on your boots, gloves, etc., and proceed.

Soon your back, arms and legs hurt from the unaccustomed exercise. But you're getting there. You keep on. It's done.

If you live in the country, this is when the snow plow comes through. It sails smugly down the road and throws a wall of hard, packed snow up across your walk, your driveway and around the mailbox.

I don't really hate the men who run these snow plows—I guess.

But I do rather hope, if we wind up in the same place after death, that I will be given the privilege of driving a snow plow round and round while they endlessly shovel themselves out.

**SO YOU MOVE** all the snow again. It's much harder this time, because the snow is packed and heavy.

If you live in town, you always shovel your walk promptly, but the family next door never shovel theirs, so you have to wade through snow to get out, anyway.

Unless you want to shovel theirs, too.

If you have small children, snow is much more pleasurable. Kids love snow—for five minutes at a time.

The minute it really starts snowing, the chant starts, "Mommy, can I go out? Can I, Mommy, can I?"

You're torn between the desire to get rid of them and the certain knowledge that they won't STAY out. But you finally give in.

You start dressing one child for

outside. You put on his snow pants, his coat, his boots, his mittens (after hunting for some of these items for 10 or 15 minutes) and let him out.

**YOU NOW** start on the second child, and your patience, if not exhausted by now, is wearing thin.

Why is it, when you dress a child, that his bone structure becomes fluid? Try to pull his snow pants on, his legs curl up limply. The same when you try to push on his boots.

It's like trying to push a piece of cooked spaghetti into a slot. No amount of pleading, ordering or screaming will force him to stiffen any portion of his anatomy for more than five seconds at a time.

If your timing is good, and you push when he stiffens, you may get the boot on.

So you've pushed the first one out the door. You start on the second one. The door opens. A small, snow-covered apparition appears in the doorway.

"Mommy, I have to go to the bathroom," it announces. You brush off the snow, take off the boots, take off the snow pants, and escort both children to the bathroom.

**THE ONE WHO** has not been outside doesn't have to, can't and won't. You re-dress the first child, and finish dressing the second one.

They go outside. The door opens. The last one out appears in the doorway. "Mommy, I have to go to the bathroom."

You sigh or scream, depending on your nature. You know what you'd like to tell him, but that's poor training and anyway, a wet child might catch pneumonia.

You undress him. You dress him. By this time, the first one's back in.

He's cold. He gets warm.

So does all the snow he shed on the floor. You mop the floor. The door opens and No. 2 comes through the door wailing, "Johnny put snow down my back."

You dig it out, though most of it's melted. You yell at Johnny. You mop the floor. This goes on until you've had it. Then you say, "The next time you come in, you stay in."

**THEY DO**, you undress them and soon wonder if it wouldn't have been better to put up with the in-and-out business.

With school-age children, you have different winter problems. They lose their boots, their mittens and their caps.

Some kid at school always takes these articles, or they get magically lost, or some big bully throws them up in a tree.

You threaten, you sew in name tags, they still get lost.

The kids have a continual round of colds, flu, chicken pox, and all the other ills that children love to give each other.

They beg to go skating when the ice is too thin. All the other kids can. You're an old-fashioned monster.

If you believed your children, you would be convinced that every other parent in the neighborhood is trying to let his children commit suicide.

**IF YOU COMPARE** notes, you'll find that, according to your neighbor's child, your child is allowed to do all these dangerous things.

Christmas is in the offing. In spite of all propaganda to the contrary, children never work so hard at being horrible monsters as they do for the couple of weeks before Christmas.

It's as though they were determined to find out if they really won't get anything if they behave badly enough.

You shop. You bake. You decorate. You sometimes wish Christmas were over.

The big day comes.

If you're going away for Christmas, at least one of the kids starts running a temperature the day before you'd planned to leave. You're pretty sure it's something catching, though you try to tell yourself it's just a cold.

**IF YOU'RE** staying home for Christmas, they remain normal. And normal, at this time, means they do their best to drive you insane.

January comes, and with it, of late years, a new brand of flu virus or a refinement of last year's, back in greater strength, now fortified by the antibiotics.

This year, of course, we have Asian flu. If you listen to TV ads, you really don't need to go to the doctor.

The remedies are all right there, being advertised. If you do call your doctor, he'll probably tell you he has it, too, and he wishes he knew a simple way to get rid of it.

However, if you can manage to develop pneumonia or some such complication, he can help you. This isn't hard to do, particularly if you're a busy mother or father who can't go to bed.

All your friends will call and give you remedies. Some of the advice I received were—a teaspoon of soda in a glass of water—whiskey—gin—hot lemonade—heat some milk with a slice of onion and a

clove of garlic, add a teaspoon of butter, and drink hot.

**THE LAST ONE** has two virtues—it's so unpleasant you feel that it must be doing you some good, and your breath will smell so bad that your family will stay away and let you suffer in peace.

If you use any or all of these remedies, and stay in bed, the flu will last four or five days. Providing, in both cases, that you're reasonably healthy.

If you concentrate on the gin and whiskey remedy, you may die, but you probably won't mind by then.

Winter and snow can be a lot of fun, of course. In this area, there are all manner of sports to engage in.

Ice fishing, for example. For a small investment of about \$100 in suitable clothes and equipment, you can have a lot of fun and catch free fish.

Well, not exactly free.

**PROBABLY, IF** these devotees of the art of angling figured their expenses honestly, they would find the fish cost about \$1 a pound.

But they FEEL like they're free. If you happen to like fish, I guess that's good. It MUST be fun.

I really admire the devotion of ice fishermen—from the warmth of a heated car, as we drive fast. All the men who used to be U. S. mailmen must have taken up ice fishing.

Neither snow, nor rain, nor sleet, nor hail, will keep them from their appointed post.

No matter how bad the weather, you can see them out there, night and day, stoically pursuing their favorite sport.

I sometimes wonder if they really want to stay there, or if they sat still too long and froze in the ice.

**SKIING IS** another winter sport with which this area is blessed. I'm glad to say I've never tried it. If there were some way I could ski in a heated room, I might.

This is another sport which requires a considerable investment of money. Especially if you break a leg.

But it must be fun. And who wants to live forever?

Skating is one of the few sports which requires only a very small investment.

It can be a wonderful spectator sport, too, if you can persuade a group of people, say, over 40, who haven't skated for about 20 years, that it would be great fun to have a skating party.

Set one of the men that he can't cut a figure eight. Then sit on the bank and watch.

**IT'S REALLY** remarkable the contortions the human body can go through when the feet are acting independently of the rest of the body.

Skating, after years of non-skating, is one of the quickest ways known to acquire a concussion or a broken tail-bone.

Children love it, and they're good at it. Mother can spend hours every winter helping to lace skates, and picking up and trying to find a place to store the skates, socks, etc., when the cold, tired skaters return home.

Frozen water pipes are another little item that helps to keep life from getting dull during the winter.

There are probably few country dwellers who haven't had this problem at one time or another.

We used to have one particular spot that froze every time the temperature got below 10 degrees above zero.

**AS MY HUSBAND** had to go to work, and hiring someone to fix it each time was too expensive, I was naturally elected to thaw the pipes.

Rightly, my husband didn't trust me to use the blow torch. Otherwise I would have fixed them permanently.

So I'd heat pails of water and hold wet rags on the pipes until they thawed. Like giving hot packs to a polio patient.

We finally solved the problem by moving the pipes away from the north wall.

But I must have spent about six months of my life, all told, playing nurse to frozen pipes before this

Special Displays  
In Library Week

Special displays, an exhibit by the Antioch Art Club and a display of new bookmarks will be among the features at the Antioch Township library during "National Library Week" April 3 to 9.

Mrs. Marian Harden, local librarian, reported these plans this week and said that other activities for the week will be announced.

The period of April 3 to 9 will mark the third annual nationwide observance of the reading development program "designed to increase appreciation of the role of the printed word in national life."

The event also is designed to encourage support and use of libraries of all kinds by everyone.

With the theme, "Open Wonderful New Worlds—Wake Up and Read," the week will unite individuals and groups in more than 5,000 communities in all 50 states in a "common effort geared to the needs of the local community."

happy state of affairs was reached.

Ah, yes, winter is beautiful. Drifts of white snow. Happy children sliding down hill. Sun glittering on ice. And mounds of Kleenex.

And fuel bills. And chapped skin. And broken arms and legs. And cold feet. And chilblains. I wish I were in Florida.

Production Records  
For Local Cows Told

BRATTLEBORO, Vt.—The Holstein-Friesian association of America this week announced completion of outstanding official production records by registered Holstein cows owned by Ravenglen farm, Antioch, Ill., as follows.

Ravenglen Lorie Triune 3845733 produced 20,489 pounds of milk and 812 pounds of butterfat in 299 days on twice daily milking as a 5 year old.

Ravenglen Marietta Triune Echo 3978492 produced 15,466 pounds of milk and 637 pounds of butterfat in 306 days as a 4-year-old.

Ravenglen Burke Queen Annie 3901725 produced 15,667 pounds of milk and 658 pounds of butterfat in 338 days as a 5-year-old.

Ravenglen Senators Ozella 3054-340 produced 17,777 pounds of milk and 686 pounds of butterfat in 308 days as a 9-year-old.

University of Illinois, working in close cooperation with the national Holstein organization, supervised the weighing and testing of production as part of the herd improvement registry program.

Always pull completely off the highway when you stop to change a tire. If there isn't enough room on the shoulder move on slowly. It's better to ruin a tire than lose a life. At night use a flare or flashlight to warn approaching traffic.
